VALAR KY helps veterans who are homeless or at risk of homelessness and provides monthly drop in clinics at the VA clinics in Somerset, Hazard, and Berea. AppalReD receives direct referrals from the VA system in Lexington since members of outlying counties often use medical services in Lexington. Attorneys are available to meet with veterans who live in AppalReD's service region in Lexington on the VA campus on request.

**What Do We Mean By At Risk of Homelessness or Homeless**

The best way to find out if you qualify for services through VALAR-KY is to call the Central Intake line. They will complete a short screening. Homelessness and risk of homelessness includes many different situations, such as:

- living in the home of another because of economic hardship;
- moving twice in 60 days;
- Having electricity or water cut off by landlord to "evict"
- paying to live in a motel;
- Living in an overcrowded unit;
- exiting an institution of system of care (mental health facility, corrections, foster care, etc.);
- fleeing domestic violence; and
- other situations that put the individual at increased risk of homelessness.

Charles's family farm and vehicle were transferred out of his name. He even found himself taken to the Veteran's Hospital and abandoned for "dementia." Charles was told by private attorneys that "what is done is done."

But his AppalReD attorney went to court. Charles had his property rights restored!
